Happy New Year,

I hope you had a healthy and enjoyable Christmas, Hanukah or Kwanza with all your loved ones.

As Milwaukee County residents, we are truly blessed and often forget just how fortunate we are to have so many quality of life activities for our enjoyment right here in our own backyard. Quality of life continues to be a top priority of mine as your County Supervisor. It is impacted by every service and amenity Milwaukee County provides, from our Parks and Zoo to our airports or customer service at the front counter of a county office.

In order to maintain these services while holding the line on your taxes, I have been busy working for you by continuously making difficult but good decisions about the best use of local property tax dollars. What services should we provide or not provide? Can we afford to maintain and support our institutions given that the population growth is outside of Milwaukee County?

These issues are continually before the body of County Board and as your representative, I welcome your call or emails stating your position.
